

National Construction Pipeline Report 2019

Posted: 4 September 2019

The Ministry of Business, Innovation and Employment (MBIE) has published the National Construction Pipeline Report 2019.

The report provides a forward view of national building and construction activity over a six-year period through to the end of the 2024.

It includes national and regional breakdowns of actual and forecast residential building, non-residential building and infrastructure activity.

The report, prepared by BRANZ and Pacifecon, gives the construction and building sector valuable information to help it plan for future demand.

Read the report on the Ministry of Business, Innovation and Employment website (<https://www.mbie.govt.nz/building-and-energy/building/supporting-a-skilled-and-productive-workforce/national-construction-pipeline-report/>).
