

MBIE publishes 2015-2017 technical review programme summary

Posted: 27 February 2018

Building Controls Update 228

On Friday, 23 February 2018, MBIE published the summary of the 2015-2017 technical review programme.

This document provides a summary of the objectives, findings and recommendations of the MBIE technical review programme conducted from July 2015 to 30 June 2017. These technical reviews of 23 councils primarily focused on how they were undertaking some of their statutory territorial authority responsibilities under the Building Act 2004. These were in relation to:

- amending compliance schedules (not captured by the building consent process)
- enforcing the building warrant of fitness (BWof) system via on-site audits, notices to fix and infringement notices.

Summary of the 2015-2017 technical review programme (<https://www.building.govt.nz/building-officials/technical-reviews/summary-2015-2017-council-technical-reviews/>) has further information.
