Building (Product Recognition WaterMark Water Supply – Backflow Prevention Devices) Notice 2025: RN-10015

1 Title

This is the Building (Product Recognition WaterMark Water Supply – Backflow Prevention Devices) Notice 2025: RN-10015.

2 Commencement

This notice comes into force on 1 October 2025.

3 Interpretation

In this notice of recognition, unless the context otherwise requires,—

Act means the Building Act 2004.

Building Code means the New Zealand Building Code, which is Schedule 1 of the Building Regulations 1992, made under section 400 of the Act.

Certified intended use means the intended use of the building product certified by the certification body and as described in either the product certificate, building product's manual, or other relevant materials.

Conformity assessment body (CAB) means an organisation that certifies activities to demonstrate that a product, process, system, person, or body meets specified requirements for the WaterMark certification scheme.

Product type means a plumbing or drainage product that presents a public risk requiring mitigation, as determined by the Protocol for the Assessment of Risks of Plumbing Product under the WaterMark scheme. It is regulated under the Plumbing Code of Australia and listed in the WaterMark Schedule of Products.

4 Recognition of the following certified WaterMark products

Under section 272HA of the Act, I recognise the building products certified under the overseas product certification scheme, WaterMark, that are included in the product certificates listed in Schedule 1 of this notice.

5 Certified intended use of building product

The certified intended use of the product types listed in Schedule 1 of this notice are the product scope/applications of the product type categories under the WaterMark certification scheme, known as the WaterMark Schedule of Products – Valves – Backflow prevention.

Combination pressure limiting and dual check valve (CV): A combination pressure limiting with dual check valve classified as PN 10, 12 or 16.

Single check valve: A single check valve (testable) classified as PN 10, 12 or 16.

Vented double check valve: Vented double check valve classified as PN 10, 12 or 16.

Vacuum breaker check valve (VBCV): Vacuum breaker check valve classified as PN 10, 12 or 16.

Reduced pressure zone device (RPZD): A reduced pressure zone device classified as PN 10, 12 or 16.

Reduced pressure detector assembly (RPDA): A reduced pressure detector assembly classified as PN 10, 12 or 16.

Pressure type vacuum breaker (PVB): A pressure type vacuum breaker classified as PN 10, 12 or 16.

Hose connector vacuum breaker (HCVB): A hose connection vacuum breaker classified as PN 10, 12 or 16.

Double check detector assembly (DCDA): A double check detector assembly classified as PN 10, 12 or 16.

Dual check valve (Dual CV): A dual check valve classified as PN 10, 12 or 16.

Double check valve (DCV): A double check valve classified as PN 10, 12 or 16.

Dual check valve with intermediate vent (Du CV): A dual check valve with intermediate vent classified as PN 10, 12 or 16.

Dual check valve with atmospheric port (DCAP): A dual check valve with atmospheric port classified as PN 10, 12 or 16.

Beverage dispenser dual check valve with atmospheric port (BDDC): A hose connection vacuum breaker classified as PN 10, 12 or 16.

Atmospheric vacuum breaker (AVB): An atmospheric vacuum breaker classified as PN 10, 12 or 16.

Anti-spill pressure vacuum breaker (APVB): A spill-resistant pressure vacuum breaker classified as PN 10, 12 or 16.

6 Conditions and limitations of this notice

The conditions and limitations of this recognition notice are set out in Schedule 1.

Building Act 2004, section 272HA

Schedule 1

List of WaterMark certificates with recognised building products

Standard	Standard Title	AS/NZS 3500 series link	Building Code clause
AS/NZS 2845.1:2022	Water supply – Backflow prevention devices, Part 1: Materials, design and performance requirements	AS/NZS 3500.1	B2, F2, G12

Conditions and limitations of recognition

The building products recognised by this notice must be installed according to the conditions and limitations specified in the product certificate for the relevant building product, as set out in Schedule 1 of this notice.

So long as the user complies with the requirements in the product certificate (if any), the standard it is certified against (if any), and the relevant technical installation information from the manufacturer, the building products listed comply with the relevant clauses listed in this table.

The certified intended uses of the building products in this table are laid out in the WaterMark Schedule of Products – Valves – Backflow prevention, listed in clause 5 of this notice.

Made at Wellington on 12 September 2025.

Simon Thomas

Head of Building System Delivery and Assurance at the Ministry of Business, Innovation and Employment (MBIE), under the delegated authority of MBIE's Chief Executive

Explanatory note

This notice, which comes into force on 1 October 2025, is made under section 272HA of the Building Act 2004 (the Act).

This notice recognises the building products specified in the notice, which are certified under the WaterMark certification scheme in Australia.

This notice may form part of a building consent application.

	under the authority of the <u>Legislation Act 2019</u> .
Title	Building (Product Recognition WaterMark Water Supply – Backflow Prevention Devices) Notice 2025: RN-10015
Principal or amendment	Principal
Consolidated version	No
Empowering Act and provisions	Building Act 2004
	Section 272HA Recognition of building products or building methods certified under overseas product certification scheme
	 (1) The chief executive may, by notice, recognise 1 or more, or 1 or more groups of, building products or building methods that are certified under an overseas product certification scheme. (2) Subsection (1) applies only if the chief executive is satisfied that— (a) the building products or building methods meet any criteria prescribed for the purposes of this paragraph; and (b) the overseas product certification scheme meets any criteria prescribed for the purposes of this paragraph. (3) A person who uses building products or building methods that are (or are in a group that is) recognised under subsection (1) must, for the purposes of this Act, be treated as having complied with all provisions of the building code that are relevant to the intended use. (4) Subsection (3) applies only to the extent that the person complies with any limitations or conditions of the recognition that are set out in the notice. (5) A notice under subsection (1) is secondary legislation (see Part 3 of the Legislation Act 2019 for publication requirements).
