1 Title

This is the Building (Product Recognition WaterMark Polyethylene (PE) and Polypropylene (PP) Pipes and Fittings – Drainage and Sewerage Applications) Notice 2025: RN-10020.

2 Commencement

This notice comes into force on 1 October 2025.

3 Interpretation

In this notice of recognition, unless the context otherwise requires,—

Act means the Building Act 2004.

Building Code means the New Zealand Building Code, which is Schedule 1 of the Building Regulations 1992, made under section 400 of the Act.

Certified intended use means the intended use of the building product certified by the certification body and as described in either the product certificate, building product's manual, or other relevant materials.

Conformity assessment body (CAB) means an organisation that certifies activities to demonstrate that a product, process, system, person, or body meets specified requirements for the WaterMark certification scheme.

Product type means a plumbing or drainage product that presents a public risk requiring mitigation, as determined by the Protocol for the Assessment of Risks of Plumbing Product under the WaterMark scheme. It is regulated under the Plumbing Code of Australia and listed in the WaterMark Schedule of Products.

4 Recognition of the following certified WaterMark products

Under section 272HA of the Act, I recognise the building products certified under the overseas product certification scheme, WaterMark, that are included in the product certificates listed in Schedule 1 of this notice.

5 Certified intended use of building product

The certified intended use of the product types listed in Schedule 1 of this notice are the product scope/applications of the product type categories under the WaterMark certification scheme, known as the WaterMark Schedule of Products – Fittings – Plastic and Pipes – Plastic.

Polyethylene (PE) fittings: Polyethylene (PE) fittings greater than DN 100 for sewerage and drainage applications, intended to be used where the pipeline is operating under gravity flow and the operating pressure is low. Including both plain and structured wall fittings.
