

PRODUCT CERTIFICATE

This is to certify that

DINEX Building Design Method

**BUREAU
VERITAS**

Product description

The DINEX Building Design Method is a controlled design method for creating site-specific plans and specifications, as defined by S7 of the Building Act 2004, for building consent application, and post consent alterations.

Product Use and Scope

The DINEX Building Design Method is a controlled design method for creating site specific plans and specifications for building consent applications, and post consent alterations.

The DINEX Building Design Method may be applied to buildings of the following classified uses:

- Housing (Building Code Clauses A1 2.0.2, 2.0.3, 2.0.4)
- Communal Residential (Building Code Clause A1 3.0.2)
- Outbuildings (Building Code Clause A1 7.0.1) limited to garages, carports.
- Ancillary (Building Code Clause A1 8.0.1) limited to retaining walls, fences, free standing outdoor fireplace, and detached decking and pergolas

That meet all of the following requirements

- Building height less than 10m, design risk score <20 when calculated using the E2/AS1 risk matrix
- For all seismic, snow, wind and corrosion exposure zones, as defined in NZS3604:2011 Timber-framed buildings and all climate zones, as defined in NZS 4218:2009 Thermal insulation - Housing and small buildings

The DINEX Building Design Method may be applied to those Communal Residential buildings for which access and facilities for people with disabilities are required. Swimming pool design and fencing of a swimming pool are excluded from the CodeMark certificate.

**MINISTRY OF BUSINESS,
INNOVATION & EMPLOYMENT**
HIKINA WHAKATUTUKI

- This certificate is issued by an independent certification body accredited by JAS-ANZ, the product certification body appointed by the Chief Executive of the Ministry of Business, Innovation and Employment under the Building Act 2004. The Ministry does not in any way warrant, guarantee, or represent that the building method or product the subject of this certificates conforms with the New Zealand Building Code, nor accept any liability arising out of the use of the building method or product. The Ministry disclaims to the extent permitted by law, all liability (including negligence) for claims of losses, expenses, damages, and costs arising as a result of the use of the building method(s) or product(s) referred to in this certificate.
- The certificate holder must maintain compliance with the conditions set out in section 15 of the Building (Product Certification) Regulations 2008. This certificate may only be reproduced in its entirety. It is advised to check that this certificate is currently valid and not withdrawn or suspended by referring to the Register of Product Certificates on the Building Performance website <http://www.building.govt.nz>.
