

CERTIFICATE OF CONFORMITY

This is to certify that

**DuPont™
Tyvek® Metal Roof Underlay**

Product Description

DuPont™ Tyvek® Metal Roof Underlays are a synthetic building underlay for use under roof claddings. The product is a spun bonded high density polyethylene, laminated to a non-woven polypropylene sheet. The product is coloured grey on the top face and white on the bottom face.

Product Purpose or Use

For use under roof claddings on timber-framed and steel-framed buildings to limit wind entry and assist with moisture management
