

Minutes for the NTS Committee

Tuesday, 20 October 2015, 1:30pm – 2:00pm

The committee has been asked to peer review documents for the building [metadata standards project](#). Members agreed the committee will review documents to be sent through as the project progresses. The final output is due June / July 2016.

The metadata standards project now has a governance structure in place, as published on the [Water NZ site](#). A RFP document was released on [GETS](#) which closes on 14 December. A provider will be selected in December and work will be underway early in the New Year.

This Better Public Services project has been communicated to four senior ministers. A Treasury Better Business case will now be developed.

Next BIM Acceleration Committee operational meeting and strategy session to be held:	Tuesday, 16 February 2015, 10am – 2pm
Next NTS Committee meeting:	TBC – with the BIM Acceleration Committee meeting (March /April 2016)
