

## H Energy efficiency

---

This provision requires many buildings, such as housing, to achieve an adequate degree of energy efficiency to modify temperature, humidity, ventilation, the provision of hot water and artificial lighting. It does not apply to all buildings.

Record of amendments (<https://www.building.govt.nz/building-code-compliance/how-the-building-code-works/different-ways-to-comply/acceptable-solutions-and-verification-methods/record-of-amendments/>) is a record of changes to the Acceptable Solutions, Verification Methods and handbooks.

### In this section

---

#### H1 Energy efficiency

---

Provides for the efficient use of energy and sets physical conditions for energy performance.
