About this determination

Date issued: 22 December 2016

Primary Building Code clause:

E2 - External Moisture (<https://www.building.govt.nz/building-code-compliance/e-moisture/e2-external-moisture/>)

Also related to:

B1 - Structure (<https://www.building.govt.nz/building-code-compliance/b-stability/b1-structure/>)

F2 - Hazardous building materials (<https://www.building.govt.nz/building-code-compliance/f-safety-of-users/f2-hazardous-building-materials/>)

B2 - Durability (<https://www.building.govt.nz/building-code-compliance/b-stability/b2-durability/>)

Primary topic:

Weathertightness (https://www.building.govt.nz/resolving-problems/resolution-options/determinations/determinations-issued/?keyword=&topic=Weathertightness&action_doSearch=Search#results#)

Council: Auckland Council

Summary

This determination considers the compliance of an alternative solution using imported window and door joinery and the associated fixing and installation. The determination discusses the available technical information and the use of proposed testing to support the building consent amendment application.
